

Membership of UK Autoharps

How to join us

UK Autoharps is pleased to welcome new and lapsed members for a modest annual fee, and membership is not limited to UK residents. A small number of members based in Europe has grown into a sizeable group including residents of the USA. This has been prompted by the Covid-19 pandemic which forced us to go online for the tuition of our members

Benefits of Membership include (1) receiving UKA Newsletters and the quarterly digital magazine 'Autoharp Notes'; (2) claiming a discount on attendance fees at UKA events (*physical events suspended during the pandemic 'lockdowns'*); (3) access to online tuition via 'Zoom'; (4) access to the Members' Area of this web site (*once it is fully up-and-running*); (5) access to the Members-only UKA Facebook page.

Membership is open to adults for the current fee of £10 per year. This fee expires at the end of the membership year

(currently 31st January), but those joining after the end of October have their fee carried over into the new membership year. Currently members of the same household pay their fees separately. Under-18s, at the start of the membership year, pay no fee. Also, a small number of members, including Honorary Life Members and current Committee members, enjoy free membership. **Payments** by 'PayPal' are recommended, but fees by Bank Transfer and Cheque can also be accepted. For non-users of email, we can send and receive printed forms. **MemberMojo** is the current operator of our membership, automatically sending Renewal Reminders and Welcome Letters and recording payments, including PayPal processing. It has proved in its first year to be very user-friendly, even for 'technophobes'. The Membership Year commences on 1stFebruary, and existing members are invited to renew when they receive their Invitations early in January.
